

Mark Yegge

Practical AI for established business owners
Writer and founder, The AI Blind Spot

SHORT BIO

Mark Yegge was CEO of a Wall Street firm from 1993 to 2005, sold to a top New York bank. Today he uses AI across his own businesses before teaching owners what works. He writes The AI Blind Spot: real tools, real workflows, and real results - the hype cut out.

TALK AND EPISODE TOPICS

- 7 Ways AI Can Get You Home Two Hours Earlier
- The AI Blind Spot Most Owners Miss
- What an AI Agent Can Take Off Your Plate This Quarter
- Using AI Safely with Client Data
- Your First AI Agent Team - Without a Tech Hire
- Why Most Company AI Stalls After the First Month

FORMATS

Podcast interview (remote or in person) | Keynote / workshop (30-90 minutes) | Panel | Virtual session

IDEAL AUDIENCE

Owners of established businesses - solo practitioners to mid-size companies - who want AI to give them time back. No hype, no jargon, no tool tutorials.
